

## GIRL'S STORY MAY SAVE WM. DONLON

Norma Mack to Tell Court About Killing of "Big" John Comstock in a Tenderloin Saloon.

MAY GOT OFF WITH  
TERM AT ELMIRA.

Prisoner Pleads Guilty to Manslaughter, but May Escape a Long Sentence in Sing Sing Prison.

Norma Mack, the young woman in a quarrel over whom William Donlon, of No. 814 West Thirty-ninth street, shot and killed John Comstock, a Tenderloin character, in a saloon at Seventh avenue and Forty-eighth street on May 5, has been ordered to appear before Justice Rich in the Criminal Branch of the Supreme Court to-morrow morning and tell the story of the quarrel which led to the shooting. On her story hinges Donlon's fate. It is either a long term in Sing Sing for him or a comparatively short term in the Elmira Reformatory.

A plea of guilty of manslaughter in the second degree was accepted from Donlon this afternoon. His lawyer then asked that he be sent to Elmira, as his act in shooting Comstock was a perfectly natural one, Comstock having insulted the Mack girl.

Assistant District Attorney Ely admitted some justification for the shooting, but said the murder was committed at least fifteen minutes after the alleged insult. Justice Rich asked if the Mack girl was present during the entire affair. When told that she was he said before deciding the case he would like to hear her story from her own lips. He asked Donlon a counsel to produce her in court in the morning, and the lawyer said he would.

Donlon is twenty-six years old and it will be a very unusual thing if he is sent to Elmira after pleading guilty to manslaughter. The story told at the time of the shooting that the Mack girl begged Donlon to lend her a pistol so he could kill Comstock, but that he said he would do the shooting himself if it had to be done.

## BABY GIRL IS KILLED BY TRUCK

Little Margaret Johnson Run Over While Playing in the Street and Dies in Bellevue Hospital.

Margaret Johnson, three years old, of No. 229 East Thirty-eighth street, died in Bellevue Hospital to-day from injuries received when she was run over by a two-horse truck in front of No. 236 East Thirty-seventh street.

Margaret was playing in Thirty-seventh street with several little companions when the truck, driven by Luke Fitzpatrick, approached. The children ran to get out of the way of the team, but Margaret fell and the truck passed over her body.

Policeman Winter arrested Fitzpatrick and summoned an ambulance from Bellevue. Dr. Richards, who responded, said the little girl was suffering from internal injuries.

Her death occurred just twelve hours after the accident.

## MURPHY BETWEEN M'CARREN AND HILL

Tammany Leader's Room in St. Louis Hotel Adjoins Those of the Other Two Delegates to the Convention.

Tammany Leader Murphy will occupy a room between those of Senator McCarren and David Bennett Hill on the same floor of the Southern Hotel at St. Louis during the National Convention. When Mr. Murphy heard of this arrangement to-day he exclaimed:

"What was that former Mayor Low said at the Amen Corner dinner about being seated between the devil and the deep T. C.?"

On that occasion Mayor Low occupied a chair between Mr. Murphy and Senator T. C. Platt.

The Tammany leader starts for St. Louis at 1:35 P. M. Saturday, leaving in a special train over the Pennsylvania road. Police Commissioner McAdoo may accompany him, although that was not decided to-day. These, however, are slated to ride with Murphy to St. Louis in the train of two cars which have been chartered for their use.

Thomas C. Crain, Senator Victor J. Dowling, Congressman Bourke Cockran, Borough President Abner, Thomas F. Smith, Corporation Counsel Delany, Senator Thomas F. Grady, John Fox, Philip F. Donohue, W. Warley Platteau, Tax Commissioner Frank A. O'Donnell, Borough President Cassidy, Congressman Sulzer, Bird S. Coler and Congressman Timothy D. Sullivan.

Mr. Murphy announced a triumph to-day. The Porto Rico delegates to the Democratic National Convention had been captured.

"Ah! now we have more material with which to fight Parker," exclaimed Tammany men when the news got round.

The news of the capture arrived at Tammany Hall by letter, signed D. M. Field, one of the Porto Rico delegates. The entire letter was not shown, but as he held it in his hand Mr. Murphy said:

"The Porto Rico delegates request permission to accompany the Tammany delegation to St. Louis."

## BADGER "TRACY" ELUDES MILITIA

"Lon" Smith. Wanted for Four Murders. Fools Wisconsin Soldiers and Makes Good His Escape.

LA CROSSE, Wis., June 29.—"Lon" Smith, the fugitive murderer, has succeeded in breaking through the cordon of militia which surrounded the swamp in which he was hiding near Merrill, Wis. He is now in the vicinity of Pine Hill and fleeing toward Taylor.

The militia had the desperado, who boasts that he is a second "Tracy the Badger," closely surrounded, but his strategy was too good for them. A soldier saw him walking within range to ward a large farm-house and challenged him.

Smith laughed. "Why, you — fool, that's my house!" said he. "If you don't believe me, put down your gun and come up. I've got some beer in the house."

The soldier believed him and let him enter the house. Then, suspecting, he gave an alarm. It was found that Smith had walked around the house and was running to cover in the woods behind it. The militia opened fire on him, but he escaped through the timber.

The pursuers have orders to shoot Smith on sight. The militia are pursuing the Sheriff's posse. Smith, while being taken to jail on a charge of killing his wife and child in Montana, was Sheriff Harris, of St. Croix County, dead. He also killed the Chief of Police of Havre County, Montana.

## APARTMENT HOUSE TO COST \$2,000,000

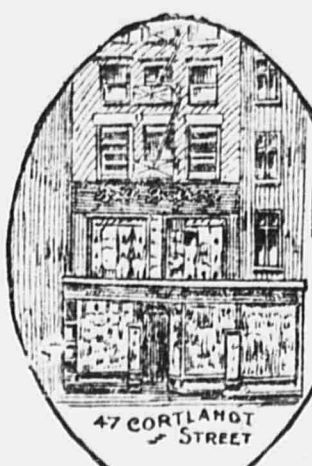

Finest Structure of the Kind  
in This City Will Occupy Entire Block on Central Park West.

Plans for what, it is predicted, will be the finest apartment-house in the city are now nearing completion in the offices of Clinton & Russell, architects. The building, exclusive of the site, will cost \$2,000,000, and will be erected by Boehm & Coon on the block fronting on Central Park West from Seventy-third to Seventy-fourth street.

Boehm & Co. have been for two years owners of the property upon which the apartment-house will be built. They announced that the building would be constructed and operated as an apartment-house for families, and that it would contain no restaurant or other hotel features.

The construction of this structure will complete the improvement of four adjacent Central Park West block fronts, each being entirely occupied by one individual building. The block from Seventy-third to Seventy-fourth street is occupied by the Hotel Majestic; from Seventy-second to Seventy-third street is the San Remo, extending from Seventy-fourth street to Seventy-fifth.

## ADAMS DRY GOODS CO.

Another Sensational Sale of Shirt-waist Suits.

Stunning Styles. Beautiful Qualities. Big Values.  
We sold on Monday the entire lot of Silk Shirt-waist Suits advertised the day before. In fact, so great was the demand for them that we had to withdraw an advertisement already printed in the early evening editions of Monday's papers.  
The Silk Suits sold on Monday were but a sample of the values we always give. We do not believe in spreading printer's ink to tell fairy tales. To-morrow two other suits, distinctly new models, will find new owners just as quickly as their silk predecessors.

They are from one of New York's most prominent manufacturers. We took all he had of two big lots—bought them at a big reduction from their worth. Coming just at this time—ahead of the Fourth, when some sort of a cool dress is essential to comfort and enjoyment—they form one of the distinct bargains of the year.

**At 1.65:**  
Suits Made to Sell  
at \$2.50, \$3 and \$3.50.  
Fine quality linen-finished  
Lawn, in a large variety of patterns; light, medium and dark grounds, with dots, rings and figures. Made with wide double box-plated waist and attractive striped collar. Skirt is 9-gored, tastefully trimmed with tailor-stitched straps.

**At 2.25:**  
Suits Made to Sell  
at \$3.50 to \$4.50.  
Made of extra fine quality sheer combed yarn Batiste Lawn. A big variety of patterns in neat and genteel effects, suitable for any occasion. Waist is made with vest effect of pin tucks and side plaits, tailor stitched; sleeves gracefully tucked. Skirt is 9-gored, with graduated box plaits, flaring prettily.

This Suit, 1.65.

These are in no sense sale suits, or suits made for "sale" purposes. They are the regular stock of a reputable maker—a maker who refuses to send one garment from his factory that is not absolutely perfect in every detail. Ready to-morrow morning—2d floor.

Beds sold in every store we know of at \$12. We have just an even two hundred of them to sell at \$7.75

We have sold a very similar Bed at this price before. The maker had two hundred left on his hands—with no mattresses. We had the mattresses made for them—covered in heavy green denim.

The picture shows the bed as a sofa. By raising both sides to a level with the centre you have a double bed; by dropping both sides you've a single bed. Raising one side and lowering the other makes a sofa.
